My school visit to the Museum of Sydney
I am going to the Museum of Sydney. The Museum of Sydney is on Gadigal Country. At the museum I will see and do lots of things to help me understand what Sydney was like in the past, and learn about the different people who have lived on the land around this place.
When my school arrives, a museum guide will greet us outside the museum doors.
My school group might be split into smaller groups. My teacher will tell me what group I am in. I know that all groups will see and do the same things and I won’t miss out.
The guide will lead us through the glass doors and show us where to put our bags. My bag will be safe and I will get it back at the end of my visit.
There are accessible bathrooms at the museum. If I need to use the toilet, I will tell my teacher and they will show me where to go.
The museum guide will explain what we are going to see, do and learn during our visit. If I have any questions, I can put up my hand and ask the museum guide.
With my group I will explore different spaces and exhibits at the museum. Some places are inside, and some are outside. I will see interesting displays, objects and artworks that will help me understand the history of this place.
When it is time to change activities or move to another area, the guide will lead us through the museum. I will listen carefully to their instructions and stay with my group at all times.
Some rooms inside the museum are big and some rooms are small. Some rooms are bright and some might be dark. If I feel uncomfortable, I will tell my teacher.
During my visit, I will hold some museum objects. The guide will tell me what objects I am allowed to hold or touch. If I’m not sure whether I’m allowed to touch something, I will ask an adult.
I may also take part in activities or games. I will share the equipment with my classmates and wait patiently for my turn.
When I start a new activity or hold objects, I will need to use hand sanitiser or wipes to clean my hands. I will do this more than once during my visit. This will keep me and my classmates healthy and safe.
Lots of people like to visit the Museum of Sydney. Other people may be visiting the museum at the same time as my class, and that is okay.
At the end of our visit, we will collect our bags from the lockers. The guide will say goodbye and I will leave with my teacher and school group. I enjoy learning new things with my classmates, so I know I’m going to enjoy my school’s visit to the museum.
We look forward to seeing you at the Museum of Sydney soon.
